

## Instructions

What to submit?

- Video presentation (easychair “author” upload)
- Camera-ready paper (easychair “proceedings author” upload)
- Copyright agreement form (easychair “proceedings author” copyright tab)
- Registration – Please check the conference website for instructions (<https://www.hnicem.org/>)
- Payment - Please check the conference website for instructions (<https://www.hnicem.org/>)

## **Video File**

- The length of the video should be at least 10 minutes.
- The maximum length of the video is 12 minutes.
- The maximum file size is 100MB.
- The format of the video file should be MP4.
- The minimum height is 480 pixels
- Video aspect ratio 16:9

Recommended tool for recording is the recording tool of zoom (which will be used by HNICEM). ). It suffices to create a meeting where the speaker is the only participant, share the screen (the slides) and activate the camera of your laptop so that the speaker's face is visible. Then, through the "Record" button you can easily generate your video. Please refer to the following link for further indications: <https://support.zoom.us/hc/en-us/articles/201362473-Local-Recording>

Please also note that the 16:9 aspect ratio for your video is well associated with the 4:3 aspect ratio of your slides, so that there will be enough room for your thumbnail at the side of the slides, as in the image below:
